

Jelena Jelušić

Founder and Director, INSPO Consulting d.o.o.

Jelena Jelušić is an organizational psychologist with more than 20 years of HR experience gained in companies such as Hrvatski Telekom, A1 Hrvatska and Photomath, now part of Google. She is the founder of INSPO Consulting, a company specializing in HR and employer branding, through which she helps organizations attract, hire and retain employees, as well as develop leaders and organizational culture. She is the co-founder of the Engineering Management Meetup, a community with more than 1,000 members, the author of several labor market research studies, and a regular speaker and moderator at technology and business events.
