

Siniša Krajnović, PhD, is the President of the Management Board and CEO of Ericsson Nikola Tesla, a position he was appointed to in November 2025. He has more than 30 years of experience in the ICT industry and an extensive international career in technology, research and development, and digital transformation.

He began his career in 1994 at Ericsson Nikola Tesla and later held a number of senior leadership positions within Ericsson, including Executive Vice President for Northeast Asia and Head of a global development unit comprising more than 15,000 engineers. Before returning to ENT, he was a Partner at McKinsey & Company, where he focused on the telecommunications industry, product development and digital transformation.

He holds a Master's degree and a PhD in Electrical Engineering and Computing from the University of Zagreb and has extensive experience working in and leading international teams across Croatia, Sweden, China, Japan, Ireland, Hungary and the United Kingdom.
